Puja Deshmukh

Full-Stack Developer

Full Stack Developer with 6 months of practical experience in designing, developing, and implementing diverse applications and solutions across various technologies and programming languages. Eager to apply my extensive development knowledge and hands-on technical skills in a dynamic role as a Full Stack Developer.

WORK EXPERIENCE

● Sharepoint Developer (Remote)

I2e consulting Mumbai - May-2023.

- As a SharePoint Developer Intern at i2e consulting, I've had the opportunity to gain hands-on experience in SharePoint development while utilizing a diverse tech stack. Proficient in HTML, CSS, JavaScript, jQuery, Bootstrap, and ReactJS, I've contributed to building and enhancing SharePoint solutions with a strong emphasis on user-friendly design and functionality.

Development:

- Collaborated with the development team to create, customize, and optimize SharePoint sites and applications. Utilized technologies like SharePoint Designer, JavaScript, HTML, CSS, and React for Developed and integrated React components to provide responsive and engaging user experiences within SharePoint sites, thereby increasing user adoption and satisfaction.
Workflow Automation:

- Assisted in designing and implementing workflows using SharePoint Designer and Power Automate to automate routine tasks and optimize productivity.
